

Wisewire is seeking Managing / Lead Editors for Psychology, Nursing and Production Editor (Chemistry Art) for long term contract work.

Lead Psychology Editor Must Haves:

- Managing/Lead editing and/or developmental editing experience
- Experience working with authors and various levels of editors
- Work in psychology or social science materials
- Experience with book content (should be able to provide a list of titles on request)
- Experience in higher education materials

Lead Nursing Editor Must Haves:

- Managing/Lead editing and/or developmental editing experience
- Experience working with authors and various levels of editors
- Work in nursing or healthcare materials
- Experience with book content (should be able to provide a list of titles on request)
- Experience in higher education materials

Managing Nursing Editor Must Haves:

- Managing/Lead editing and/or developmental editing experience (not copyediting; not acquisitions only, not editor-in-chief only)
- Experience working deeply in manuscripts
- Work in nursing or healthcare materials
- Experience with book content (should be able to provide a list of titles on request)
- Experience in higher education materials

Production Editor (Chemistry Art) Must Haves:

- Extensive experience creating and reviewing art specs
- Experience working with chemistry art (molecular structures, etc.)
- Familiarity with chemistry-specific art software (e.g., Jmol, ChemDraw)
- Experience working with art vendors (rendering)
- Ability to communicate about chemistry art with SMEs (chemistry professors)
