## En el aeropuerto/In the Airport

### Vocabulario

Today, we will continue learning more new words, phrases, and expressions related to travel and transportation.

- **Traveling by plane.** Trains, buses, and boats connect villages, towns, and countries, including places that are far away, but some journeys may last many hours. If you want to travel somewhere far away, perhaps your best option is to go to the airport, **el aeropuerto**, to take a flight, **el vuelo**, on an airplane, **el avión**. So let's learn some more words that would be helpful on your journey through the skies!
- **What you have to do.** Once at the airport you will need your ticket, that you may have bought on the airline or a travel agency office or online, to check-in. After checking-in, you will get your boarding pass, **la tarjeta de embarque**. Your boarding pass will give you access to the control points where security staff will check your carry-on luggage, **el equipaje de mano**. Then, you'll go to the boarding gate, **la puerta de embarque**, where you show your boarding pass and ID before boarding your plane.
- **Once on the plane.** Once you are in the airplane, a flight attendant, **el asistente de vuelo** (or **la asistente de vuelo**), will help you find your seat. Do you prefer a seat next to the window, **la ventanilla**, or by the aisle, **el pasillo**? Wherever you end up, your flight will take off in no time, so relax, and enjoy your trip!

Watch the vocabulary section of the video only. Listen to the Spanish vocabulary words. After you listen to a word, repeat it aloud. Then, write the English meaning next to the Spanish word in your notebook.
