Day 4 – Instruction

¡Listos para aprender!

En la costa/On the Coast

Vocabulario

Today, we are going to learn new words, phrases, and expressions about the beach and things you use there.

- **At the coast.** Some of the most popular vacation destinations are towns and villages by the coast, **la costa**. There, you may enjoy open air activities at the beach, **la playa**. Beaches in Florida receive a great number of visitors who are attracted to the warm climate year round, pristine waters, and beautiful white sand, **la arena**. Some beaches are small inlets protected from the open ocean, but most of Florida's beaches are sand bars and open sand beaches. Here, the wind can form a dune, **la duna**. Dunes make up special, rich coastal ecosystems.
- **Some things you take to go to the beach.** When you go to the beach, you normally take some stuff with you: be sure not to forget your bathing suit, **el traje de baño**, and your towel, **la toalla**, which you put over the sand to sit or lay on, or use to dry yourself. You will, of course, need to bring your favorite sunblock, **el protector solar**.
- **Staying cool at the beach.** When you go to the beach, you expect to have nice sunny weather. But under a hot summer sun, **el sol**, without a cloud in the sky and, perhaps, without a gust of wind, **el viento**, to cool the air, it is a good idea to take a beach parasol, **la sombrilla**, to get some shade, and a cooler, **la nevera**, with lots of cool water and soft drinks, as well as some fruit and other cool snacks.

Now that you know how to say all these new words in Spanish, try using them once in a while when you go to the beach or when you plan your dream vacation. This way you'll assimilate them better.

Watch the vocabulary section of the video only. Listen to the Spanish vocabulary words. After you listen to a word, repeat the word aloud. Then, write the English meaning next to the Spanish word in your notebook.
