

Quiz A: L.3.6

1. Which word best completes each sentence?

- A. Our dog, Spot, sat _____ (after/before/between) my brother and I on the couch.
- B. "Let's go for a walk _____," (over/under/together) my mom said. "I enjoy being with you."
- C. The mouse is so _____ (big/far/near) compared to the piece of cheese it is eating.

2. Read the following paragraph. Circle the **four** words that show spatial relationships.

Recently, my family moved to a [new] house about three streets away from our [old] house. Even though we didn't move [far], there was still [a lot] of unpacking to do. My new room is [above] the garage, and we painted it [blue]. My sister's room is [between] the bathroom and my parent's room. [Luckily] we still live [near] my [best] friend's house, and I will attend the same school.

3. Which **three** of the following sentences **best** use words from science class?

- A. First, we will eat dinner. Afterwards, we will have dessert.
- B. Steam is water in the form of gas.
- C. Sonya likes to look at bugs through the magnifying glass.
- D. My school is next to the grocery store on Main Street.
- E. The Sun heats the Earth.
