- A. analyst
- B. analyze
- C. analytical
- D. analytically

5. Which sentence contains an incorrectly used word? Underline the correct answer.

I find the study of early civilizations quite fascinating. Learning about early cultures makes me think critically about our own culture. What is it that makes most people behave civilizingly, while others do not? Are there universal rules that keep people civilized? I enjoy engaging in a civil discourse with my history professor on this topic.
